

After School & Saturday Day Programs

Created by Pediatric Rehabilitation Specialists, Rainbow's After School and Saturday Day Programs are structured around the needs of children and teens with brain injuries. Specifically designed for academic and social success, our programs integrate structure, group and/or individual therapies, personalized tutoring, recreational activities and social skills training for children 6+ years of age and adolescents.

Therapies and skill building for children
and teens with brain injuries.

About the Programs

Our programs feature individualized scheduling up to six full days weekly, a high staff-to-child ratio, certified teachers and professionally trained pediatric therapists. We work with each child or teen to build the following:

- Self-esteem
- Behavioral control
- Therapeutic learning
- Age-appropriate social interactions
- Increased development of motor skills
- Improved memory and attention to task
- Problem solving and organizational skills
- Academic skills
- Safety awareness
- Development and maintenance of friendships

Types of Activities

- ✓ Tutoring – provided by certified teachers
