

Outpatient & Day Treatment

Abundant Resources
Quality Services

Heidi Reyst, Ph.D., CBIST

Program Director

Dr. Reyst has worked in various capacities within the field of brain injury rehabilitation since 1991. She brings a broad range of experience as a Rehabilitation Assistant, Residential Program Manager, Program Director and currently as Rainbow's Systems Director and Program Director for the Ypsilanti based Outpatient and Day Treatment programs.

Treatment Centers

Ypsilanti Center

Serving young adults and adults (18+ years) with brain and/or spinal cord injuries. This center features more than 25,000 square feet of treatment space, modern therapy equipment, a fully-equipped fitness center, therapeutic spa, sauna and indoor pool, greenhouse and wood working center. This location also is home to our administrative offices.

Farmington Center

This center is located in downtown Farmington and serves children (6+), adolescents and young adults with brain injuries. The facility features a sensory integration room, private treatment rooms, modern therapy equipment, an accessible kitchen, a library and computer room, a fitness center, a gym, a therapeutic swimming pool and much more.

NeuroRehab Campus

The campus serves adults with brain and/or spinal cord injuries and offers full neuro-recovery programs including active therapy, community outings and supported living for individuals with medical needs. The campus currently consists of two twenty-bed residential facilities (*licensed as Adult Foster Care homes by the State of Michigan*) and a Therapy Center. Each residential facility has a dining room, family/community room and both facilities share an activity room and salon. Almost all of the bedrooms are private with the exception of a few suites, and each bedroom has a private bath.
