

Mental Health Insurance Parity

March 6, 2007

On March 1, 2007, several bills were introduced in both the State House and Senate to address the issue of insurance parity for mental health and substance abuse services relative to medical services.

Senate Bills 329 – 335 and House Bills 4390 – 4393 would require insurance companies in the state of Michigan to provide cost sharing requirements or benefit service limitations for mental health and substance abuse services that are no more restrictive and no more costly to the patient than medical services. Some of the bills address inpatient services while other addressed outpatient services.
