

Behavioral Modification

Mental Health Therapy

Greg Rostker, CTRS, MSA Program Director

Greg Rostker has been in the field of traumatic brain injury since 1986. He has clinical and administrative experience with inpatient, outpatient and residential rehabilitation and oversees Rainbow's residential homes within the behavioral program.

Colin King, Ph.D.

Director of Adult Behavioral Services

Dr. King has been in the mental health field since 1994 focusing on severe behaviors, dual diagnosis, substance abuse and treatment of psychiatric disorders. He oversees the adult interdisciplinary treatment team which implements programming for behavioral clients in the least restrictive manner. This approach encourages participation in treatment and provides for safe and supportive community reintegration.

About Our Staff

- Each staff member receives extensive training, including:
